Batch Signature Gin

Batch Signature Gin is distilled with unusual botanicals including frankincense and myrrh. Batch is a small craft distillery located in Burnley, a town in Lancashire County, which is located in North West England. The distillery produces a new innovative gin from unique botanicals each month. These innovations are typically released only once ever. This gin was so popular that they decided to make it a permanent part of their lineup! Batch Signature Gin is distilled with a dozen botanicals, most notably frankincense and myrrh, and has fresh citrus aromas. It is warming on the palate, with subtle spice, hints of cardamom and nutmeg, and a refreshing citrus flavor. The finish is peppery, with lingering citrus notes. Batch Signature Gin was named as the "UK's Favourite Gin" by the Craft Gin Club.

Technical Details

PROOF: 80

RATINGS

UK's Favourite Gin, Craft Gin Club: *"Distilled using 12 botanicals, with the most unusual being frankincense and myrrh. A bold, unique gin with flavours to match."*

Very Good, Ultimate Spirits Challenge: *"A vivaciously fragrant nose of smashed cucumber, cracked black pepper, and botanicals jumps forth from the glass. The palate is as bright and lively as the nose suggests, with flavors of zested lime, coriander, and honeydew. Remarkably smooth and inviting."*
