

MACKMYRA

SWEDISH SINGLE MALT WHISKY

Mackmyra Swedish Single Malt Whisky

1st Edition

Mackmyra Swedish Single Malt Whisky 1st Edition is a world-renowned whisky, which is distilled from 100% Swedish grown barley. Much of the barley is grown on local farms, and is fermented for four days with the help of Kronjäst, a special Swedish yeast strain primarily used for making sweet dough. Following this, the spirit is created by double distillation in pear-shaped copper pot stills, which were built in Scotland by Forsyths Coppersmiths. The spirit rests initially in hard charred ex-Bourbon casks, and then is split up and aged in several different types of casks (including new and first fill Swedish oak, first fill American oak, and Olorosso Sherry casks) before being re-blended at the distillery. The 1st Edition is aged using 5.4% Swedish oak, and this percentage will increase in future releases. Mackmyra's 1st Edition Single Malt Whisky received a 91 Point rating from Whisky Advocate.

RATINGS

91 Points, Whisky Advocate: "Floral notes, honey, citrus, vanilla, and pears poached in cream, with balancing tartness from gooseberry and grapefruit. A delicious summer whisky with sweet lemon biscuits, clementine, apricot, vanilla fudge, and active spices which mellow to expose banana, honeydew melon, and a finish of bitter lemon and mixed peel."
